Waikīkī Beach Maintenance Project Complete

Just in time for the upcoming summer season, the Waikīkī Beach Maintenance project to restore and rejuvenate Waikīkī is complete. The 14 week-long recurring maintenance project retrieved marine sand from a large sand field in shallow waters about 1,000-feet offshore. The project roughly doubled the beach width on most sections of the Royal Hawaiian Beach cell between the Royal Hawaiian Hotel and Kuhio Beach park.

The project involved first dredging and pumping the sand to a stockpile into the Kuhio beach swim basin then transferring the sand to the Royal Hawaiian Beach. The sand hauling and placement portion started on April 27th taking 6 days total and was completed May 4th with the beach completely reopened on May 14, approximately 3 weeks ahead of schedule due to the adjusted sand placement

schedule with hauling and placing sand for a 12 hour period each day rather than half-day. The project started with offshore dredging of marine sand on January 26, 2021 and was successful in retrieving approximately 21,700 cubic yards of offshore sand and placing it on the beach in the Royal Hawaiian to Moana Beach cell.

The project is another example of the successful public-private partnership between the DLNR Office of Conservation and Coastal Lands (OCCL) who managed the project and the Waikiki Beach Special Improvement District Association (WBSIDA) which put \$1 million toward the ~\$3.5 million cost. The project contractors, Kiewit Infrastructure Group and American Marine were instrumental in the success of the project working through poor weather and high surf conditions in order to complete the job ahead of schedule. The project is part of a planned (5-10 year) maintenance of Waikiki Beach using a “sand recycling” concept utilizing offshore sand eroded from the beach and placing back on the beach.

WAIKĪKĪ BEACH MAINTENANCE PROJECT COMPLETED

Rick Egged, President of the WBSIDA added, “We are delighted with the project outcomes and are especially pleased with the results of the accelerated sand placement schedule which allowed us to complete this project well before the planned June completion date. With the visitor economy just starting to recover from the global pandemic, it was critical this project be completed before the busy summer season begins. I am happy to say, residents and visitors can all expect a new and refreshed Waikīkī Beach just in time for summer.”

This is the second time in a decade Waikīkī has had a sand replenishment project and many experts agree, due to sea level rise, this type of maintenance project will be necessary over the course of the next few decades, every 5-10 years if not more frequently with storms.

Luana Hotel Sidewalk Repair Project

On May 18, 2021 the Department of Facility Maintenance (DFM) started a long overdue sidewalk construction and repair project fronting the Luana Waikiki Hotels and Suites at 2045 Kalakaua Ave.

This project is part of the Concrete Sidewalk Maintenance Program within the City and County of Honolulu whose goal is to prevent and repair sidewalk trip hazards in the interest of public safety.

This section along Kalakaua was necessary to repair due to flooding caused by the uplifting of tree roots and has been a safety hazard for pedestrians. In addition to sidewalk repair, the current trees will be replaced by Urban Forestry with those who have less aggressive roots systems. The project is expected to be completed mid-June.

Effective June 15, 2021

TheBus will no longer serve: Bus Stop #887 (Kalia Rd + Opp Maluhia Rd)

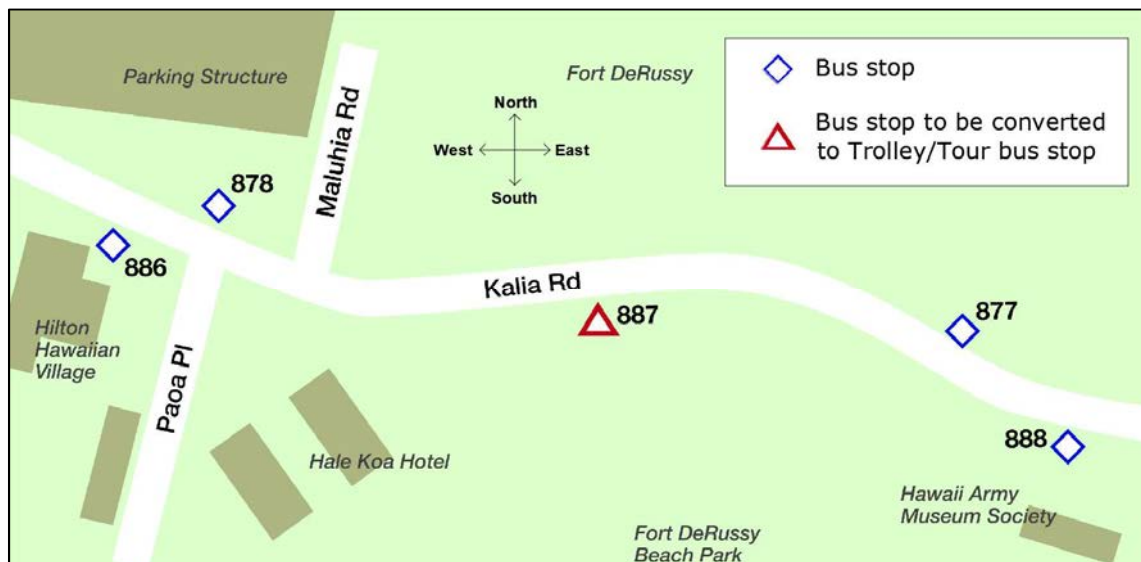

Trolley/Tour buses are not allowed to stop at City bus stops within the Waikiki district. As such, this stop will be converted into a Trolley/Tour bus stop.

The nearest bus stops will be:

- Bus Stop #886 (Kalia Rd + Paoa Pl)
 - 800' west, fronting Hilton Hawaiian Village
- Bus Stop #888 (Kalia Rd + Saratoga Rd)
 - 900' east, fronting US Army Museum

See map below for details.

An International Celebration of Music Comes to Royal Hawaiian Center and International Market Place

Royal Hawaiian Center and International Market Place are the two official venues across the state participating in Make Music Hawai'i on Monday, June 21st.

Make Music Day is an international celebration of music founded in 1982 in France to demonstrate the power of music to unite and uplift people, to spread joy and to build community. It features outdoor concerts, performances, music lessons, jam sessions and other musical experiences on the streets, sidewalks, parks and public spaces in over 1,000 cities across the world.

“Our goal is to have every musician, regardless of age or professionalism, pour onto Hawai'i's streets, parks, plazas, and porches to share their music with friends, neighbors, and the world,” said Nalani Jenkins, Founder of Make Music Hawai'i, President of 721, LLC and founding member of Na Leo Pilimehana.

All Make Music Hawai'i events are free and open to the public – a great opportunity for exposure and activation.

Like play? Like host?

All Waikiki hotels, restaurants, and storefronts are invited to join Make Music Hawai'i for a worldwide musical celebration on the summer solstice, June 21st.

To participate in Make Music Day on June 21, 2021, musicians and venues need to sign up at [MakeMusicHawaii.org](https://www.MakeMusicHawaii.org) to be included the program's exclusive matchmaking portal that will connect local musicians seeking a place to perform with local venues waiting to book their space.

For more information, follow Make Music Hawai'i on social media and let's make music!

Introducing Waikīkī's Newest Affordable Rental in 2022

Just steps from International Market Place, Brookfield Properties' 28-story mixed-use rental building, Līlia Waikīkī, continues to rise on the corner of Kūhio Avenue and Kānekapōlei Street. This new development is looking forward to topping off the vertical structure with its final concrete pour next month. Targeting to open in Q2 2022, Līlia Waikīkī is the first for-rent apartment development built in Waikīkī in decades. This second phase will include 401 rental units, which includes 38 affordable units reserved for households earning no more than 80 percent of the area median income (AMI).

The project will feature a collection of studios, one-, two- and three-bedroom apartments with average sizes ranging from 437 to 1,200 square feet. Embracing modern open floorplans, all units feature refined elegance, comfort and high-quality finishes complete with a private lanai to maximize views of mauka to makai and Diamond Head.

Amenities include a resort-style pool and spa, a state-of-the-art fitness center, private cabanas for outdoor dining, grilling stations, a social room, and a lush sitting garden centered around a majestic banyan tree. Through thoughtful design and programming, Līlia Waikīkī will be a place for residents to plant their roots in a community that values open space and a healthy lifestyle.

The first two levels will feature a dynamic retail environment of shops and restaurants anchored by the two-story Waikīkī Market operated by Food Pantry Ltd., serving as Waikīkī's only full-service, locally owned grocery store.

The high-rise tower is the final installment of the development that includes the 53 fully renovated rental units at Kānekapōlei Collection located on the Diamond Head side of Kānekapōlei Street. Altogether, Brookfield Properties will add 91 affordable rentals to O'ahu's housing inventory.

Visit liliawaikiki.com for more information.

HAWAII CONVENTION CENTER

HAWAII CONVENTION CENTER HOSTS 1,200 GUESTS FOR HAWAII PRAYER BREAKFAST

IT IS THE LARGEST GATHERING THE CENTER HAS HOSTED THIS YEAR AS COVID-19 RESTRICTIONS ARE EASED ON O'AHU

The Hawai'i Convention Center welcomed 1,200 participants for the Hawai'i Prayer Breakfast on May 7, 2021. It was the Center's largest in-person meeting since the start of COVID-19 pandemic health and safety restrictions in March 2020. The breakfast included state and local leaders, as well as noted speakers Dr. Tony Evans and Priscilla Shirer.

The Center has implemented industry-leading health and safety measures led by ASM Global's comprehensive Venue Shield program. This includes health and safety technologies, new food and beverage options, revised layouts for socially distanced gatherings, and extensive staff training. During the breakfast, the Center's Exhibit Hall featured socially distanced tables, as well as freshly made, individually packaged meals, with staff and guests observing PPE guidelines.

The City & County of Honolulu eased COVID-19 restrictions for the island of O'ahu to allow for select gatherings, meetings and events under the Tier 3 reopening strategy. Tier 3 allows venues such as convention centers, third-party conference room providers, and banquet halls to host low-risk structured event.

ASIAN/PACIFIC AMERICAN HERITAGE MONTH

We were proud to celebrate Asian/Pacific American Heritage Month in May. This special month highlights the cultures, traditions and history of Asian Americans, Native Hawaiians and Pacific Islanders (AANHPIs) in the United States. The Hawai'i Convention Center is honored to be home to many cultural events that celebrate our AANHPI communities.

Visit HawaiiConvention.com for updates and additional information about booking a meeting or event. The Center's interactive virtual map offers a complete 3D tour of rooms and facilities.

BEYOND VAN GOGH: The Immersive Experience Opens at Hawaii Convention Center on July 2

WAIKIKI, HI —Beyond Van Gogh: The Immersive Experience presented by First Hawaiian Bank is coming to Waikiki at the Hawaii Convention Center. Tickets are now on sale at www.vangoghhololulu.com

Opening July 2 for a limited engagement, Beyond Van Gogh: The Immersive Experience was created by French-Canadian

creative director Mathieu St-Arnaud and his team at Montreal's world-renowned Normal Studio. This immersive experience features more than 300 of Vincent Van Gogh's iconic artworks and takes the art lover into a three-dimensional world that exhilarates the senses.

After tremendous successes in Europe, cinematic Van Gogh exhibitions have crossed the ocean to great North American acclaim in recent years. In a rich and unique multimedia experience using cutting-edge projection technology developed by some of the world's greatest AV designers, Beyond Van Gogh takes on the challenge of breathing new life into Van Gogh's vast body of work. Using the artist's own dreams, thoughts, and words to drive the experience as a narrative, guests move along projection-swathed walls wrapped in light and color that swirls, dances, and refocuses into flowers, cafes, and landscapes.

While journeying through Beyond Van Gogh, guests witness over 300 masterpieces, including instantly recognizable classics such as "The Starry Night," "Sunflowers," and "Café Terrace at Night," now freed from their frames. Van Gogh's art comes to life by appearing and disappearing, flowing across multiple surfaces, and heightening the senses with their immense detail. Through his own words set to a symphonic score, guests come to a new appreciation of this tortured artist's stunning work. It's no surprise that millions of people all over the world credit Van Gogh with enhancing their relationship with art. Beyond Van Gogh will only deepen it further.

The Hawaii Convention Center provides organizations from around the globe with a setting that is distinctly Hawaii in style while being spacious, modern, and flexible. The Center's striking open-air design of public spaces, abundance of natural light and lush landscaping provide a meetings backdrop unlike anywhere else in the world.

Waikiki Beach Walk Adds Three New Attractions

Local Honey, International Art and Hawaiian Culture are among the latest offerings

Waikiki Beach Walk, the vibrant shopping, dining and entertainment district at Lewers Street and Kalakaua Avenue, has added new stores and cultural attractions to its distinctive collection of shopping, dining and entertainment.

Founded in 2013, Oahu Honey Company is locally owned and operated by power couple Justin Duny and Brittany Hegedus. In 2009 Justin began rescuing honeybees that were scheduled for extermination or hive elimination and rehoming them safely at farms across Oahu. His passion for bees grew from there, and he continues to maintain the hives while helping local farmers who rely on the bees to pollinate their crops. Brittany harvests the honey, beeswax, and pollen to make raw, natural products, including soaps, candles, lotions, fruit spreads, and flavored product, such as her spicy and distinctive “Hot Honey.” Brittany’s creativity recently led her to start making Honey Ice Cream. We are excited to see what this dynamic duo will discover next.

Park West Fine Art Museum & Gallery provides a free-to-the-public art experience that invites visitors to browse incredible artwork from some of the biggest names in classical and contemporary art, including icons like Pablo Picasso, Rembrandt, Marc Chagall, Peter Max, Leroy Neiman, Thomas Kinkade, and many more. It’s part museum and part gallery, offering a memorable experience for locals and vacationers when visiting Waikiki. As the world’s largest art dealer, Park West offers artwork priced for every level of collector, making it easy to find a new favorite work of art.

To herald and celebrate Hawai‘i’s rich musical legacy and its revered tradition of feather lei making, The Royal Room has recently opened on the upper level, overlooking the plaza. The Royal Room celebrates Hawai‘i’s musical heritage, from the Monarchy era to the present day, with museum-quality exhibits. In addition, the space – which is part gallery, part classroom and cultural showroom – highlights the Hawaiian tradition of feather lei making. Curated by the non-profit Hawaiian Music Hall of Fame and staffed by volunteers, The Royal Room’s interactive exhibits and hands-on classes are designed to perpetuate Hawai‘i’s traditional arts, many that were elevated by ali‘i (Hawai‘i’s royal class) to the world stage.

In addition, Beach Walk Market – an open-air collection of local vendors and farmers market favorites – has added a second evening on the Plaza. Pop Culture Artisan Pops is the latest vendor to join the dynamic selection of food, crafts and gifts that happens on Mondays and Wednesdays from 4 to 8 p.m.

WAIKĪKĪ IMPROVEMENT ASSOCIATION

We are a cross-section of business, government and the community; our members care about the future of this special place - Waikīkī.

For more than 40 years, the Waikiki Improvement Association has remained true to its objective: to improve, enrich and beautify Waikīkī for the benefit of residents and visitors alike and to promote conditions conducive to the economic and cultural good and for the betterment of the entire community.

HAWAIIAN DIACRITICAL MARKS

Waikīkī Improvement Association recognizes the use of diacritical marks (i.e., glottal stop (ʻ), macron (ā) in place names of Hawaiʻi, such as Waikīkī and Kalākaua Avenue and will include them whenever possible. We also respect the individual use (or not) of these markings for names of organizations and businesses.

There will also be times when we may not have a chance to add or change the markings in all of the articles submitted and when that happens, e kala mai.
