A Request for an Emergency Declaration for Severe Coastal Erosion

THE WBSIDA REQUESTS GOVERNOR IGE DECLARE
AN EMERGENCY FOR SEVERE COASTAL EROSION OF
KAWEHWEHE BEACH IN THE HALEKULANI BEACH AREA

The Waikīkī Beach Special Improvement District Association (WBSIDA) is requesting Governor Ige declare an emergency in response to severe and continued coastal erosion of Kawehewehe Beach in the Halekulani Beach sector of Waikīkī Beach. Recent structural failure of the City and County of Honolulu Public Beach Right of Way between the Outrigger Reef and Halekulani hotels (ROW #141A) has required the closure of this important public access by the City and County of Honolulu. The structural failure has resulted in extremely unsafe lateral access alongshore in this area and is considered to be a public safety emergency. The entire beach area at Kawehewehe and surrounding areas are subject to high tide flooding, wave overtopping and

more recently, structural deterioration and failure of the public walkways. Due to severe erosion, the beach has significantly narrowed resulting in lost public access due to seasonal high tides that are now consistently impacting the adjacent seawalls and walkways making lateral access through this area unsafe. Tide and wave impacts to the existing buildings is also a very unsafe condition that will eventually lead to physical damage.

Waikiki Beach Improvement and Maintenance Program
Draft Programmatic Environmental Impact Statement
Honolulu, O'ahu, Hawai'i

As a longer-term solution, the WBSIDA has been collaborating with the State on the Draft Programmatic Environmental Impact Statement (DPEIS) for the Waikiki Beach Improvement and Maintenance Program. The WBSIDA is hopeful the Final PEIS will be approved and the planned beach stabilizing designs can be implemented. However there have been a number of delays in administration of the Draft PEIS which are likely to result in an extended time before a final decision is made. The WBSIDA considers the current conditions to be a public safety hazard warranting expedited measures to mitigate these hazards. The WBSIDA has requested consideration of the enactment of an emergency proclamation by Governor Ige in accordance with Hawai'i Revised Statutes §127A-12 Emergency Management Powers. This may allow the expedited administration of the planned (phased) beach improvement design for this important beach area to be completed without excluding the planned beach improvement projects and subsequent phases that are included in the Draft PEIS for the Waikiki Beach Improvement and Maintenance Program.

Waikīkī Surfboards Destroyed in Arson

On October 17th, 2021 more than 575 surfboards were destroyed in the Kuhio Beach surfboard racks according to the City and County of Honolulu Department of Enterprise Services that manages the lockers. Nearby structures at the Sheraton Waikīkī and the Waikīkī Beachside Bistro were also scorched. According to Hawai'i News Now, the fire caused an estimated \$650,000 in damage with the Honolulu Ocean Safety Department reported losing three rescue boards in the blaze, which are estimated to cost \$1,200 each. This the second time in 20 months the surfboard racks have been set on fire with the last time on February 17, 2020. In both events there was a total loss of the over 500 surfboards mostly owned by local members of the Waikīkī surfing community.

According to KHON2 News, The man accused of setting fire to the Kuhio Beach surfboard lockers was in court Thursday, Oct. 21, and he is being held on \$70,000 bail. The man accused of setting the surfboard racks in Waikiki on fire was back in court on Monday, October 25th where a judge ruled that there was enough evidence to put him on trial. A detective with the Honolulu Police Department (HPD) and an arson investigator with the Honolulu Fire Department (HFD) testified that they examined the security footage of the moments right before the fire started on the morning of Oct. 17. Both say a man, went to the surfboard racks twice where the flames started. There is no word yet as to how long it will take to restore the surfboard rack or what fire prevention measure will be put into place as result of this second fire.

WAIKĪKĪ IMPROVEMENT ASSOCIATION

We are a cross-section of business, government and the community; our members care about the future of this special place - Waikīkī.

For more than 40 years, the Waikiki Improvement Association has remained true to its objective: to improve, enrich and beautify Waikīkī for the benefit of residents and visitors alike and to promote conditions conducive to the economic and cultural good and for the betterment of the entire community.

HAWAIIAN DIACRITICAL MARKS

Waikīkī Improvement Association recognizes the use of diacritical marks (i.e., glottal stop (ʻ), macron (ā) in place names of Hawaiʻi, such as Waikīkī and Kalākaua Avenue and will include them whenever possible. We also respect the individual use (or not) of these markings for names of organizations and businesses.

There will also be times when we may not have a chance to add or change the markings in all of the articles submitted and when that happens, e kala mai.
